

Quality Assurance Policy

RATIONALE

Tulla Drilling (TD) is committed to forming and maintaining successful and enduring relationships with our clients through providing high quality products and services as part of our drilling operations. TD will provide comprehensive drilling services using integrated systems and services to support their goals, environment and culture. This will be achieved through the core areas of service delivery, risk management, customer service and resource and systems management.

POLICY

To achieve the aims of this policy, TD shall:

- Deliver our services using risk management strategies aimed at protecting TD, clients and employees.
- Deliver a range of services to our clients based on the principle of continuous improvement.
- Manage funds allocated to projects efficiently and effectively.
- Recruit and retain valuable employees to enable effective delivery of our services.
- Provide timely and appropriate services to our clients
- Effectively manage our processes and address all relevant objectives of our management systems, including environment, safety and quality objectives and targets.
- Actively promote our quality management system by communicating this policy to all employees and other stakeholders.
- Implement our quality management system to ensure continuous improvement throughout all aspects of our operations.
- Set measurable targets and continually review and improve our policies, procedures and documents, and use effective management and technical expertise to provide outcomes that exceed our client's expectations.
- Our workforce is committed to the achievement of excellence through training, development and the adoption of this company policy.

NON COMPLIANCE

Non-compliance with this policy can damage the reputation of individuals and the TD company name. Any employee(s) found to have violated this policy may be subject to disciplinary action up to and including termination of employment.

EMPLOYEE RESPONSIBILITIES

- Ensure that assigned tasks are completed in accordance with relevant standards, policies and procedures.
- Continuously strive for excellence in all tasks undertaken.
- Continuously strive for improvement
- Complete reports, records or other documentation required as part of their duties correctly and within the required timeframes.

MANAGEMENT RESPONSIBILITIES

- Regularly monitor and review the TD Quality Management System.
- Provide the necessary personnel and resources required to implement the TD Quality Management System.
- Encourage ongoing continuous improvement and excellence throughout the organisation
- Define the responsibilities of all personnel who manage, perform, and verify work affecting the quality (adherence to contracted promises with the customer) of our products and services.
